

Perforated Metal - Aluminium

Technical Info

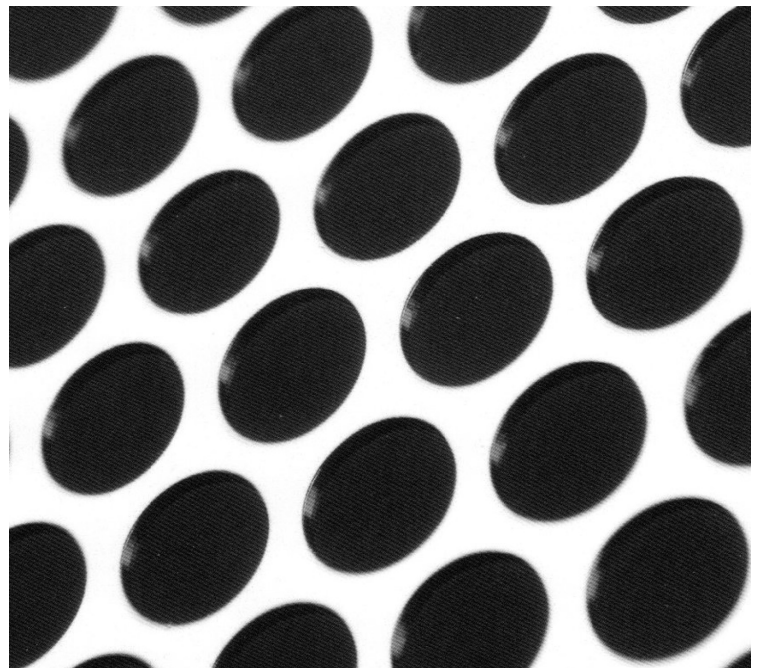

Round Hole

Article Group PR10T15Q

| Perforation Type | Metric | Unit |
|------------------|--------|------|
| Hole size | 10 | mm |
| Pitch | 15 | mm |

| Mesh properties | Technical | Unit |
|-----------------|-----------|------|
| Open area | 40 | % |
| Thickness | 2 | mm |

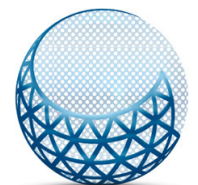

| Standards / Testing |
|------------------------------------|
| Standard DIN 24041 ISO 2194:1991 |
| Material NFEN 10025-2 |
